ABOUT COMPANY

Eagle Eye I.T. Service Pvt. Ltd. was established with a motto of "Smart सोल्यूशंस , Smart बज्जुस" in year 2017. After performing market study we came to the conclusion that, there is better scope of hardware and software but clients were deprived from quality service provider in the town. Initially we decided to only take electronic product and gave service to business houses and individual clients. After half a year or so, we also found vacuum considering there were very few or no vendors which provide solutions related to hardware, software and other electronic services. We started building strong team which could look after those issues that exists in the market, thus we started providing software, websites, and electronic security products from same business house. We are the best at what we do.

Eagle Eye I.T. Service Pvt. Ltd. is equipped with all those resources like manpower, goods and products that will meet all the expectations of an organisation willing to implement security. Eagle Eye I.T. Service Pvt. Ltd. can be trusted as it has been established by intellectual people who have taken responsibility to govern society in good way like professors, IT professionals and social workers.
